RE: Status Report of the Director
Jack Leach, et al. v. E.I. du Pont de Nemours and Co.,
C-8 PFOA Medical Monitoring Program

DATE: May 4, 2015

On November 20, 2012, the Court appointed Michael K. Rozen, Esq. as Director of Medical Monitoring (the "Director") in the above-referenced matter to oversee the implementation of the Medical Panel Protocols for the Medical Monitoring Program (the "Program"). The Director has previously submitted nine (9) Status Reports to the Court summarizing the progress and status of planning for implementation of the Medical Panel Protocols, most recently on April 21, 2015.

The Program was launched with a mailing to approximately 98,000 potential Class Members in the beginning of September 2014 and Class Members have been registering, making appointments for monitoring and receiving monitoring pursuant to the Medical Panel Protocols. Each week the Director submits to the parties a Weekly Summary Report with detailed Program Statistics. Attached hereto is the Weekly Summary Report for the week ending May 1, 2015, which sets out in detail the current number of Program participants (6,477 Registrations to date) and their demographics, as well as, among other information, the number of scheduled physician monitoring appointments, the number of approved services, and the total amount approved for payment. Also attached is a CPT Code Summary Report which sets forth the total services approved for payment as of April 30, 2015, by CPT Code.

In the April 21, 2015 Status Report it was reported to the Court that the Director would be mailing an Affidavit of Settlement Class Membership to all persons on the current list of deficient Registrants, along with a letter explaining that the Affidavit will be accepted as proof of their Class Member status and eligibility to participate fully in the Program. The Director has now mailed this letter to all currently deficient Registrants with an enclosed, pre-addressed, postage prepaid envelope for the Class Member

to return the filled out Affidavit. The Director will continue to mail this letter to any future deficient Registrants.

As advised in the last status report, the Medical Panel continues its work on the Program. The Director is working with HealthSmart to educate their providers regarding the Medical Panel's latest recommendation for follow-up monitoring if a Registrant has new symptoms of probable linked conditions that were not present at the time of the initial medical monitoring appointment. After the providers have been educated, the Director will send a mailing to all Registrants to advise them of the Medical Panel's recommendation. We expect to be in a position to send this mailing by next week at the latest.
